ORAL TRADITION

On September 15, 2006, the academic journal ORAL TRADITION, became available electronically and free of charge at <http://journal.oraltradition.org> as a series of PDF (Adobe Acrobat) files, with key-word searching of all online texts and with embedded multimedia. In addition to the current issue (volume 21, number 1), four years of back issues have already been posted, and plans are underway to include the entire twenty-two years of ORAL TRADITION by the end of 2007.
